SOLID WOOD FLOORING

INTRODUCTION

The pioneer wooden flooring company in Sri Lanka, formerly known as Parquet (Ceylon), continues to give lead to the diverse timber flooring options available in the country. With over 60 years of experience in the supply and installation of hundreds of thousands sq. ft. of wooden flooring across the country combined with 40 years of experience in manufacturing to international standards and exporting wooden flooring around the globe, the company ensures products of unmatched quality standards, sold under the SWISSPARKETT brand.

Driven by passion and commitment to take timber flooring to the next level, the company is constantly looking out for the latest technology to improve quality standards and markets products that only the discerning will appreciate.

All company products proudly carry a premium manufacturing warranty - 10 years for indoor products and 5 years for outdoor products.

FEATURES GUIDE & BENEFITS

SWISSPARKETT products are crafted to meet rigorous international quality standards, ensuring lifelong durability aesthetic excellence, and total comfort.

10-YEAR MANUFACTURING WARRANTY

All floors are put through a series of rigorous tests in order to comply with international quality standards, backed by a 10-year warranty.

ROBUST SURFACE

Amazingly robust, thanks to its super-durable, world-renowned surface finish.

KILN DRYING

Kiln dried to international standards to ensure no gaps appear between boards.

ANTIBACTERIAL COMFORT

Inhibits the growth of bacteria on your flooring and provides you with the peace of mind that comes from a healthy home environment.

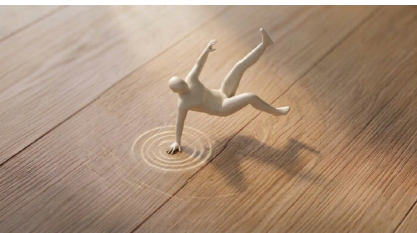

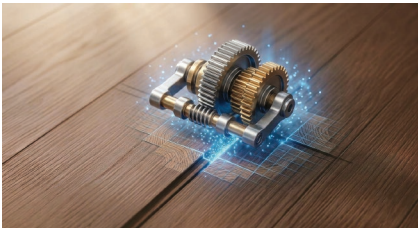

AUTHENTIC EMBOSSED CHARACTER

Synchronous pores follow the grain of the decor, meaning the planks flawlessly mimic the natural texture and character of premium timber.

MACHINERY

Machined to perfection to ensure excellent fitting of boards against one another

INJURY CAUSED BY FALLS

Wooden flooring minimize the risk of injury from falls.
